Subject: Automóvel Club de Portugal Support FAU

Dear President of the
Fédération Automobile de l'Ukraine,
Mr. Leonid Kostyuchenko,

My Dear Friend,

In these dark hours we at Automóvel Club de Portugal, ACP, would like to express our deepest solidarity with the Fédération Automobile de l'Ukraine and with the entirety of the people of Ukraine.

While appreciating that nothing can diminish the suffering of a nation being aggressed in such a brutal way as Ukraine is enduring, ACP as an organization has already taken responsibility for flying to Portugal 200 Ukrainian citizens that the Portuguese Embassy in Poland identifies as having expressed their wish to come to our country.

The possibility to also contribute directly and individually has equally been extended to all our associates, in result of which in only 3 days another 250 Ukrainian citizens wishing to come to Portugal can now also be flown from Warsaw to Lisbon.

Nevertheless, we still feel that nothing we do is enough...

Please, Mr. President, let me know if there is any specific support that you fell that ACP, as the Portuguese mobility club, could provide FAU or its members in these troubled times.

Many Thanks,
Sincerely Yours,

Carlos Barbosa
